# Brompton on Swale Village Help

# Things to remember if the Electricity Fails

## What are the risks?

- Hypothermia
- Not eating and drinking properly
- Accidents in and around the home
- Falling ill and not being able to contact anyone

## Anticipate problems.

Organise Emergency Equipment for yourself;

- A supply of candles and matches
- A good torch with spare batteries
- Camping gas cylinders and burner for cooking and for heat and light
- A battery radio to keep in touch with outside news etc
- Warm Clothing, extra blankets, sleeping bags
- Bottled water

- Telephone (land line). Mobiles and cordless 'phones are not reliable when there is no power

## Who is at Risk?

- Older people especially those who are infirm
- Babies and very young children
- People who are ill
- People who live alone

## Help your Neighbour

- Make contact to ensure they are OK
- Help by providing hot food and drink if necessary
- Help to keep themselves warm, light a fire, obtain spare blankets
- Ensure they have sufficient emergency supplies as listed
- Keep them updated on what is going on if they have no 'phone or radio
